|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>EC2M-KW4B-D</b>  | ENDURA DUAL UNIT CHARGER FOR KENWOOD NX5000 / VP6000<br>Also Charges: NX200, NX200S, NX205G, NX210, NX210G, NX300, NX300S, NX305G, NX410, NX411, NX5200, NX5300, NX5400, TK2180, TK3180, TK5210, TK5210G, TK5220, TK5230, TK5310, TK5310G, TK5320, TK5330, TK5410, TK5430, VP5230, VP5330, VP5430, VP6230, VP6330, VP6430, VP8000. For use with NiCd, NiMH, Li-Ion, and LiPo batteries. Charger accommodates Kenwood KNB-L3 battery with all applicable radios. Compatible with KNB-41NC, KNB-73LCM, KNB-50NC, KNB-72LC, KNB-LS5, KNB-LS7 (IS batteries). Accessories available for in-vehicle installation. |
| <b>EC12M-KW4B-D</b> | ENDURA 12-UNIT CHARGER FOR KENWOOD NX5000 / VP6000<br>Also Charges: NX200, NX200S, NX205G, NX210, NX210G, NX300, NX300S, NX305G, NX410, NX411, NX5200, NX5300, NX5400, TK2180, TK3180, TK5210, TK5210G, TK5220, TK5230, TK5310, TK5310G, TK5320, TK5330, TK5410, TK5430, VP5230, VP5330, VP5430, VP6230, VP6330, VP6430, VP8000. For use with NiCd, NiMH, Li-Ion, and LiPo batteries. Charger accommodates Kenwood KNB-L3 battery with all applicable radios. Compatible with KNB-41NC, KNB-73LCM, KNB-50NC, KNB-72LC, KNB-LS5, KNB-LS7 (IS batteries). Accessories available for in-vehicle installation.   |

**Endura “V3” Chargers For Motorola APX6000 / APX7000 / APX8000 (2-Year Warranty)**

NOTE: CHARGERS LISTED BELOW ARE DESIGNED FOR SPECIFIC RADIOS / BATTERIES AND NOT COMPATIBLE WITH OTHER PODS.

| PN                     | Description                                                                                                                                                                                                                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>EC1V3-MT19T</b>     | ENDURA SINGLE UNIT SMART CHARGER FOR MOTOROLA APX6000<br>Also Charges: APX5000, APX6000XE, APX7000, APX7000XE, APX8000, APX8000XE. For use with NiMH, Li-Ion, and LiPo batteries. Includes V3 specific charging pod, 100V - 240V AC power supply, and user manual. Compatible with all OEM batteries, including PMNN4547A.                                |
| <b>EC1MV3-MT19T</b>    | ENDURA IN-VEHICLE SMART CHARGER FOR MOTOROLA APX6000<br>Also Charges: APX5000, APX6000XE, APX7000, APX7000XE, APX8000, APX8000XE. Includes V3 specific charging pod, vehicle power adapter, mounting bracket with tie-down strap, and user manual. For use with NiMH, Li-Ion, and LiPo batteries. Compatible with all OEM batteries, including PMNN4547A. |
| <b>EC6MV3-MT19T</b>    | ENDURA IN-VEHICLE SMART CHARGER FOR MOTOROLA APX6000<br>Also Charges: APX5000, APX6000XE, APX7000, APX7000XE, APX8000, APX8000XE. Includes V3 specific charging pod, vehicle power adapter, mounting bracket with tie-down strap, and user manual. For use with NiMH, Li-Ion, and LiPo batteries. Compatible with all OEM batteries, including PMNN4547A. |
| <b>EC2MV3-MT19T-D</b>  | ENDURA DUAL UNIT SMART CHARGER FOR MOTOROLA APX6000<br>Also Charges: APX5000, APX6000XE, APX7000, APX7000XE, APX8000, APX8000XE. For use with NiMH, Li-Ion, and LiPo batteries. Includes V3 specific dual charging pod, 100V - 240V AC power supply, and user manual. Compatible with all OEM batteries, including PMNN4547A.                             |
| <b>EC12MV3-MT19T-D</b> | ENDURA TWELVE-UNIT SMART CHARGER FOR MOTOROLA APX6000 Also Charges: APX5000, APX6000XE, APX7000, APX7000XE, APX8000, APX8000XE. For use with NiCd, NiMH, Li-Ion, and LiPo batteries. Includes six V3 specific dual charging pods, 100V - 240V AC power supply, and user manual. Compatible with all OEM batteries, including PMNN4547A.                   |

For use with Li-Ion / LiPo batteries.                                                                                                                                                                                                                                                      |

**Accessories For Endura Chargers (2-Year Warranty)**

| PN        | Description                                                                                                                                                                                                                                                                                                                                 |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EC1M-MBHD | MOUNTING BRACKET FOR ENDURA EC1M CHARGER.<br>(Included with EC1M and EC1M-V2.) Bracket may be used for wall or floor mounting. Includes integrated tie-down strap and fasteners.                                                                                                                                                            |
| EC2M-MB   | MOUNTING BRACKET FOR ENDURA EC2M CHARGER.<br>Bracket may be used for wall or floor mounting. Includes integrated tie-down straps and fasteners. (Optional Accessory)                                                                                                                                                                        |
| EC6M-MB   | MOUNTING BRACKET FOR ENDURA EC6M / EC12M CHARGERS.<br>Bracket may be used for wall or floor mounting. Includes integrated tie-down straps and fasteners. (Optional Accessory)                                                                                                                                                               |
| EVC-HW    | ENDURA EVC CHARGER DC POWER CABLE.<br>Supplies DC power to charger from vehicle battery or other connection point. Length: 9.8' / 3.0 meters. Included with EVC single position chargers.                                                                                                                                                   |
| EVC-MB1   | EVC SINGLE UNIT CHARGER DASH MOUNTING BRACKET<br>Attaches charger to dash or other angled surface. For charger to bracket fasteners (4 machine screws with 4 nyloc nuts) also order LEVCA-MF1 (no additional charge) . Bracket is multi-directional with 4-hole AMPS mounting pattern. For use with all EVC and LEVCA single unit chargers. |
| EVC-MB4   | MOUNTING BRACKET FOR ENDURA EVC CHARGERS.<br>Allows mounting of 4 EVC chargers for a rugged 4-unit in-vehicle charging solution. Includes DC power cable (EVC-DC-XLR) and fasteners for mounting 4 EVC chargers.                                                                                                                            |
| EVC-VPA   | VEHICLE POWER ADAPTER FOR ENDURA EVC IN-VEHICLE CHARGERS. Supplies power to the charger from a vehicle's 12V or 24V outlet. Length: 28" / 71 cm. Straight cable. (Optional Accessory)                                                                                                                                                       |
| LEVCA-M   | MOUNTING BRACKET FOR ENDURA EVC / LOGIC LEVCA CHARGERS Attaches charger to dash or other angled surface. Includes fasteners. (Optional Accessory)                                                                                                                                                                                           |
| LEVCA-MHD | MOUNTING BRACKET FOR ENDURA EVC / LOGIC LEVCA CHARGERS Attaches charger to dash or other angled surface. Includes fasteners. (Optional Accessory)                                                                                                                                                                                           |
| TWC1-PS1  | POWER SUPPLY FOR ENDURA EC1 / TWC1 CHARGERS.<br>(Included with EC1, EC1-V2, and EC1V3.) Input: 100V – 240V / 50 – 60 Hz / 500 mA. Output: 15.0V / 1000 mA. UL listed.                                                                                                                                                                       |
| TWC1-PS2  | POWER SUPPLY FOR ENDURA EC LOW PROFILE CHARGERS<br>(Included with EC low profile models.) Input: 100-240V / 50-60 Hz / 500 mA. Output: 15.0V / 1000 mA. UL listed.                                                                                                                                                                          |
| TWC2M-PS  | POWER SUPPLY FOR ENDURA EC2M / TWC2M CHARGERS.<br>(Included with EC2M.) Input: 100V – 240V / 50 – 60 Hz / 580 mA. Output: 15.0V / 1.6A. UL listed.                                                                                                                                                                                          |
| TWC6-PS2  | POWER SUPPLY FOR COMPACT ENDURA EC6 CHARGERS.<br>(Included with Compact EC6) Input: 100-240V AC / 50-60 Hz / 1.0A. Output: 12.0V DC / 3.0A. UL, RCM certification.                                                                                                                                                                          |
| TWC6M-PS  | POWER SUPPLY FOR ENDURA EC6M / TWC6M CHARGERS.<br>(Included with EC6M / EC6M-V2.) Input: 100V - 240V / 50 - 60 Hz / 2.0A. Output: 15.0V / 5.4A. UL listed.                                                                                                                                                                                  |
| TWC6M-PC  | U.S. POWER CORD FOR TWC6M-PS POWER SUPPLY.<br>(Included with EC6M / EC6M-V2.) Approximate length 2.4 m / 7.8'. Connects to TWC6M-PS (power supply) and U.S. type wall outlet (120V AC).                                                                                                                                                     |
| TWC6M-VPA | VEHICLE POWER ADAPTER FOR ENDURA EC1M / EC2M / EC6M.<br>Supplies power to the charger from a vehicle's 12V or 24V outlet. Features a heavy-duty coiled cord and user replaceable fuse. (Optional Accessory)                                                                                                                                 |
| TWC6M-HW  | HARD WIRE KIT FOR ENDURA EC1M / EC2M / EC6M / EC12M. Supplies DC power to charger from vehicle battery or other connection point. (Optional Accessory)                                                                                                                                                                                      |

|           |                                                                                                                                                                               |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| TWC12M-PS | POWER SUPPLY FOR ENDURA EC12M CHARGERS. (Included with EC12M.) Input: 100 - 240V / 50 - 60 Hz / 2.2A. Output: 15.0V / 12.5A. UL listed.                                       |
| TWC12M-PC | U.S. POWER CORD FOR TWC12M-PS POWER SUPPLY. (Included with EC12M.) Approximate length 2.4 m / 7.8'. Connects to TWC12M-PS (power supply) and U.S. type wall outlet (120V AC). |

**Pricing For Single & Dual Position Pods (2-Year Warranty)**

| PN       | Description                                                                                                       |
|----------|-------------------------------------------------------------------------------------------------------------------|
| TWP-xx   | SINGLE POSITION CHARGING POD FOR ENDURA EC1 / EC1M / EC6M / EC1-V2 / EC1M-V2 / EC6M-V2. See listing on next page. |
| TWP-xx-D | DUAL POSITION CHARGING POD FOR ENDURA EC2M / EC12M. See listing that follows.                                     |

**Single Position Charging Pods (For EC1 / EC1M / EC6M / V2 Versions)**

## FIELD OPERATIONS CHARGING STATION

ENDURA CHARGERS – FOCS

Effective **February 10<sup>th</sup> 2025**

### FOCS Charging Stations Utilize A Pelican 1650 Case • Two-Year Warranty

| Part Number  | Description                                                       |
|--------------|-------------------------------------------------------------------|
| FOCS2-24-xx  | 24 charging positions, 12V-24V DC / 120V AC ports                 |
| FOCS2N-24-xx | 24 charging positions, 12V-24V DC / 24V DC (NATO) / 120V AC ports |
| FOCS2-12-xx  | 12 charging positions, 12V-24V DC / 120V AC ports                 |
| FOCS2N-12-xx | 12 charging positions, 12V-24V DC / 24V DC (NATO) / 120V AC ports |

### Ordering A FOCS For Your Specific Radio

- In the chart above the “xx” suffix is a place holder for the charging pod reference. If for example you select FOCS2-24 with the TWP-**HA3B-D** pod, the part number to list on your purchase order would be FOCS2-24-**HA3B**.
- FOCS2-24 and FOCS2N-24 can be configured with any Endura dual position pod. Select the pod for your radio from the “Dual Position Pods” partial listing immediately below.
- FOCS2-12 and FOCS2N-12 can be configured with any Endura single position pod. Select the pod for your radio from the “Single Position Pods” partial listing on page 3.
- The pricing listed includes the pods and installation.
